Over 25 Years of Experience In The Industry Provides A Foundation For Success...

At Freedom Senior Management we have been involved with the operation and development of senior living communities for over 25 years as owners, marketers, developers, and operators.

This experience has allowed us to develop programs and practices that have proven to be extremely successful in managing these communities.

On these pages you will find a number of the communities that we have either built, developed or managed over the years. All of these communities continue to operate successfully. We bring the same skills, expertise and experience to bear when we manage any community and we will do the same for you.

Freedom Senior Management has a proven track record with many different locations and situations, which allows us to create management or consulting structures that can be uniquely adapted to the given situation of any individual provider. Please feel free to contact us to discuss how we can provide for the long-term success of your property or community.
